

turning
over a
new leaf

Sharing the wealth. Shaping the future.

Dear Friends,

You probably noticed that we've had some work done. We've got a fresh new look and a shortened name. Allow me to explain:

Last year, we used this letter to tell you about the Centre County Community Foundation's 30th birthday, and how we were using that milestone to reflect on our history, while looking toward a future in which the Foundation would become more proactively involved in big initiatives that improve not just individual aspects of the county one piece at a time, but contribute to improving the very soul of our community.

This year, we have been working toward that future in a big way. Our new branding as the Centre Foundation is more than just a facelift. It's representative of that future. We are still the Community Foundation serving Centre County. We are a foundation on which nonprofit organizations can build support for themselves, now and in the future. We are a foundation on which donors can rely to wisely invest their money and put it toward pressing community needs that they care about. We are a foundation that will continue to do what we've done best for 30 years: distribute invested donations to deserving nonprofit organizations. Last year, we distributed more than \$890,000 to more than 100 nonprofit organizations!

But we are also, increasingly, a foundation that is taking part in big changes in the community.

Our fresh new look is representative of a foundation that is finding a fresh new way of doing things. For example, our Centre Foundation will hold an exciting, never-before-done-in-this-area event, called Centre Gives. Centre Gives is a 36-hour online fundraising event that will take place on June 27 at 6 a.m., through June 28 at 6 p.m. During this time period, donations can be made to dozens of Centre County nonprofits online at CentreGives.org, with a pro-rated \$100,000 match provided by the Foundation! It's a chance for local organizations, large, small and in-between, to connect with current and new donors through the powerful medium of the Internet. The community-wide participation this event inspires is sure to further invigorate our residents' already strong love for giving back.

The Centre Foundation is still the foundation that has faithfully served our county for the last 31 years. We've just got a new image and a new focus on the future. And we've got a new name that you can say without getting winded!

Sincerely,

Alfred Jones Jr., Executive Director

Our Purpose

The Centre County Community Foundation was created in 1981 as a public charity dedicated to meeting changing needs and assisting donors throughout Centre County. The Foundation is a collection of philanthropic funds, each created by a different donor at a different time for a different purpose. Each fund retains its own identity, donor-defined objectives and benefits from pooled investments with other funds. Gifts to the Foundation are invested according to our investment policy, and grants are then made from these funds to qualified local charitable organizations.

The Centre Foundation helps individuals, families and businesses pursue their charitable interests conveniently, effectively and with maximum tax benefits. Donors may create funds during their lifetimes, by a bequest or by other deferred giving opportunities. The Foundation can also help companies administer their contributions and manage endowments for charitable agencies.

Funds may be established for a particular purpose or left undesignated so the Foundation's Board can direct funds to needs of highest priority. Through its discretionary grants, the Foundation supports not-for-profit organizations in Centre County – in the arts, education, the environment, and health and social services – and chooses those projects that best meet our community's needs. For funds that are advised or designated by donors, we offer expertise and administrative assistance to ensure that each grant is best fulfilling the donor's charitable intent.

Our Mission

To improve the quality of life in Centre County by providing enduring support to community charities from the invested gifts of visionary donors.

New Funds

Each year, generous donors make a special gift to the Foundation in order to create a new fund. They do it for different reasons: to memorialize a loved one, to reward the achievements of deserving locals or to support a cause that's close to their hearts. In 2011, 16 new funds were created at the Centre Foundation. They were created to support a variety of people and organizations, from local churches to students pursuing higher education to athletic teams, and beyond, but they all have one thing in common: They will make Centre County a better place now, and in perpetuity.

Abby Yeagley Memorial Figure Skating Fund

This fund was established in memory of Abby Yeagley by Ms. Marilynne W. Stout to support the Penn State Figure Skating Club. It will provide financial assistance to skaters for equipment, instruction and competition expenses.

Creating your own fund

Today's gift...your legacy. By endowing your gifts today, you will make a difference during your lifetime and provide a gift that lasts forever. Efficient, effective, impactful. When donors or charitable organizations work through the Foundation to achieve their charitable goals, they benefit from the expertise of experienced local program staff, community leadership and investment management. Establishing your own named charitable fund does not require great wealth, nor is it complicated. Through a named fund you can:

- provide ongoing support to your favorite organization.
- choose different charitable organizations to support each year during your lifetime.
- make your own choices, or take advantage of our Foundation staff's expertise to help you address the community's most pressing needs, or greatest opportunities.
- have the opportunity to distribute gifts during your lifetime, or leave a lasting legacy, or both.

The staff at the Centre Foundation will make it easy to create a new charitable fund. We will do all the paperwork; often the procedure is completed in just one meeting. If you are considering creating a fund and would like more information, please contact us.

Charitable Gift Annuities

A charitable gift annuity enables you to take an immediate income tax deduction when you transfer cash or marketable securities to the Foundation in exchange for the Foundation's promise to make fixed annual payments to you for the duration of your life. The fixed annual payments are determined according to the donor's age and will only be partially taxed. Payments can begin immediately or can be deferred for a period of time as determined by you. The undistributed portion of the gift reverts to the Foundation. Below is a listing of the charitable gift annuities currently held by the Foundation.

- **Edward Mattil CGA** – Opened in 2010, this is the second CGA that Ed Mattil has created at the Centre Foundation. Once fully realized, it will become part of discretionary funding at the Centre Foundation.
- **Fred Strouse CGA** – Opened in 2010, Fred Strouse created this CGA so that when fully realized, it will become part of The Second Mile Fund.
- **Jenifer Goetz CGA** – Opened in 2008, Jennifer Goetz created this CGA so that when fully realized, it will become part of the Park Forest Day Nursery Fund. Jenifer Goetz passed away in May of 2012.
- **Richard Morgan-Daniel Moerdyk CGA 1&2** – Opened in 2003, Richard Morgan and Daniel Moerdyk created two CGAs so that when fully realized, they will become part of the Rhoneymeade Fund.

Grants by Organization

In 2011 the Centre Foundation granted over \$800,000 to charitable organizations. Many of the grants are from funds that were created to support a specific organization. Others are granted through our competitive grants process with the grantees being selected by our grants committee. In addition, a number of grants are scholarships which support Centre County students attending post-secondary schools. This list includes all grants and scholarships and is organized alphabetically by receiving organization.

Kathryn K. & Roy D. Shoemaker Charitable Trust

In 2005 a fund unlike any other was created by the last will and testament of Kathryn K. Shoemaker to be administered through the Centre Foundation. Kathryn and Roy Shoemaker were life long residents of Centre County, both passing away in 2005 after long happy lives in the State College area. Roy was a businessman and farmer in the Centre Region. Their love of the area inspired them to share their resources with the community. They distributed a substantial portion of their estate to the Kathryn K. & Roy D. Shoemaker Charitable Trust. Merrill Lynch Trust Company was named as Trustee and the Centre Foundation as the organization responsible for distribution to the beneficiaries. The Trustee is in possession of the funds and manages the investment of the funds while following the investment policy of the Centre Foundation. Disbursements from the trust come to the Foundation and are distributed to the thirteen charitable organizations named as beneficiaries, all of whom serve Centre County residents.

Since its inception, the Kathryn K. & Roy D. Shoemaker Charitable Trust has distributed \$1,888,937. In 2011 the beneficiaries received the following distributions:

The Campbell Society

Named for Judge R. Paul Campbell, our founder, the Campbell Society is comprised of over 490 generous people who have named the Foundation in their estate plans, either by will designation or through a trust or other deferred gift. These planned gifts are of inestimable importance to the future of our region. The Foundation can provide you with more information about bequests, charitable gift annuities, charitable remainder trusts, gifts of life insurance policies, or other gift ideas.

By informing us of their generosity that will extend over many generations, these visionaries provide us with the opportunity to honor and thank them during their lifetimes. We are pleased to recognize them. New members for 2011 are listed in **bold**. Deceased members are marked with *.

Financial Report

For 30 years the Centre County Community Foundation has been the steward of a precious community resource, Centre County's charitable endowment, composed of gifts from generous individuals, organizations, and corporations. In managing this endowment the Centre County Community Foundation seeks to provide sufficient funds to make current grants, while preserving the purchasing power of these charitable gifts forever. The region has benefited from the power of this endowment which has grown, generating ever-increasing grant funds for all of Centre County.

At the end of 2011, the Foundation's total assets were \$22,429,000. This represents a 1.5% decrease from December 31, 2010 to December 31, 2011.

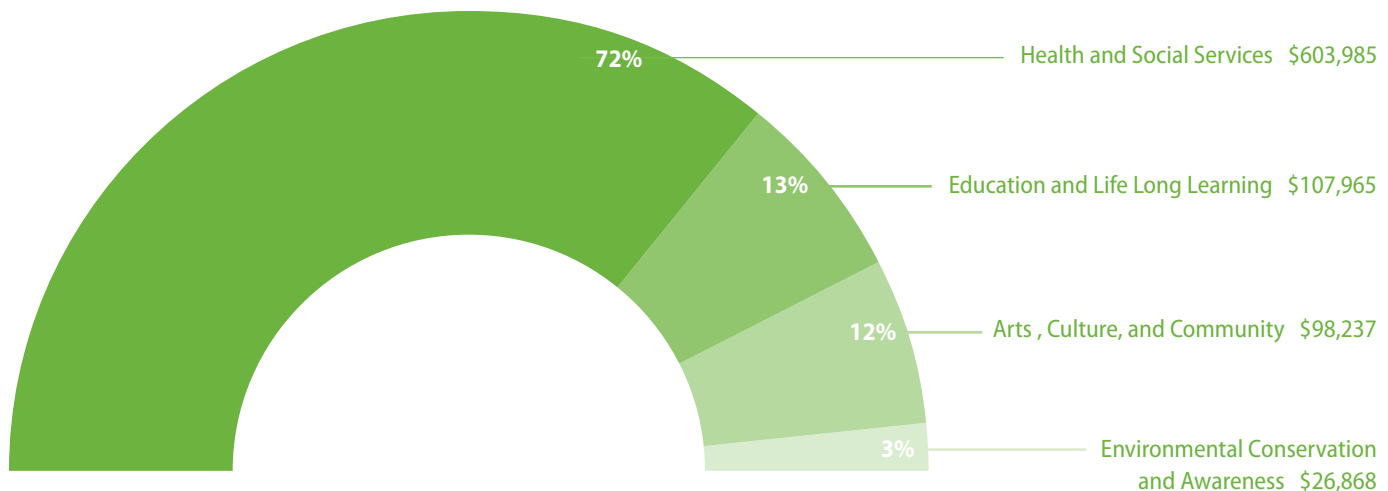

With contributions keeping pace with distributions and expenses the slight decline in total assets resulted primarily from investment performance. Our investments declined about 2% for the year. The Foundation furthered its mission and received gifts of approximately \$1,424,000 during 2011. Meanwhile, our grant and program payments for 2011 exceeded \$999,000.

The finances of the Foundation are administered by the Board of Directors which has ultimate responsibility for all decisions. The Board works through its Executive Committee and various other committees who oversee different aspects of operations.

By Board policy the Foundation annually:

- Distributes a set percentage of the average asset value from each fund annually for charitable needs. In 2011 the distribution rate was 4%, but may be changed from time to time to reflect market returns and our fiduciary responsibility to preserve the value of our funds. For this calculation the average of the fund value over previous twenty quarters is used.
- Draws a percentage from each fund for operations: 1.6% in 2011. This is based on a variety of factors including the asset base and operating budget.
- Pays approximately .2% for active investment management.

2011 Grants by Program

This spending policy is consistent with most other community foundations, and is designed to provide steady and growing distributions back to the community.

The Foundation is fortunate to have a group of very talented individuals volunteer their time and expertise as members of this Investment Committee. The Investment Committee recommends specific investment policy and is responsible for guiding, monitoring and implementing the policy and reporting performance results. Presently the Foundation has working arrangements for financial management with First National Bank, M&T Investment Group, Nestlerode & Loy, Merrill Lynch, Weinken & Associates, and Smith Barney. Additional funds are invested by the Investment Committee through Vanguard and The Investment Fund for Foundations (TIFF). In 2011 the Foundation began to invest in private equity and venture capital the The Commonfund.

The assets of the Foundation are deployed in a variety of investments in accordance with the investment policy. It seeks to hold 40% to 80% of its assets in global securities, 20% to 60% in fixed-income instruments such as long-term bonds, debt-based mutual funds and temporary cash investments, and up to 30% in alternative assets in an effort to obtain higher yields. This so-called discretionary class of assets allows managers to move slightly outside the basic policy and acquire

positions in high-yield bonds, emerging markets, particular market sectors or real estate, commodities, etc. Overall, the portfolio is invested for capital appreciation. At a minimum, the Foundation's goal is to generate long-term investment results sufficient to pay its grants, operating, and investment expenses, while keeping pace with inflation.

The fixed-income portfolio is diversified and consists primarily of investment grade bonds, benchmarked against the Barclay Aggregate Index.

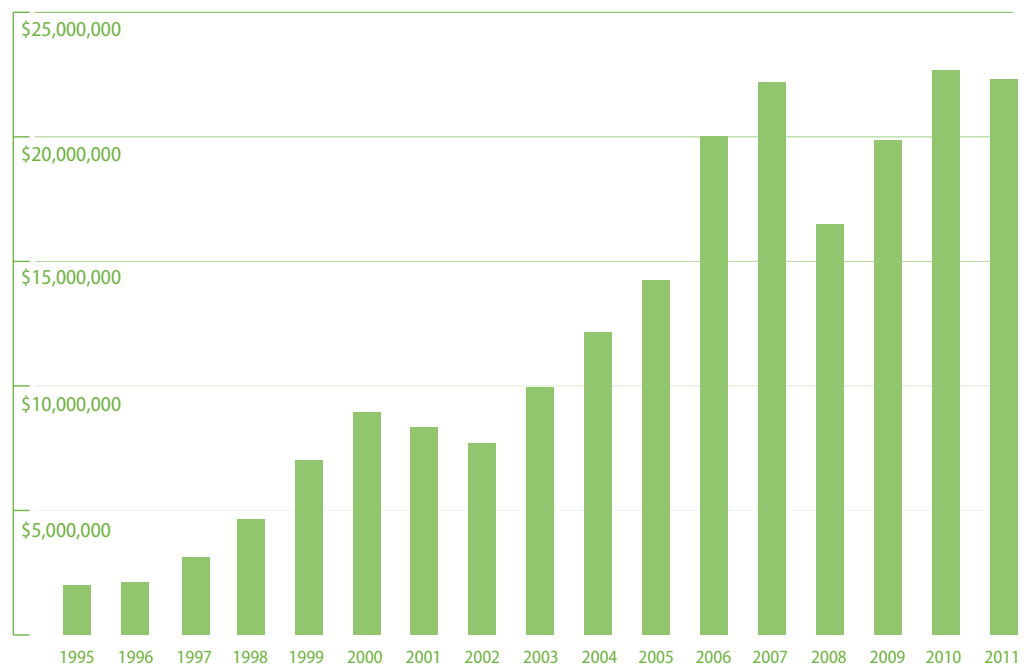

Employing broad diversification as to investment style and other major component weighting, the global equity portfolio is benchmarked against the MSCI All Country World Index, which includes broad categories of U.S. equities, non-U.S. developed market equities and emerging market equities.

The Foundation is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code as a publicly supported organization described in Section 501(c)(3). It is also exempt from state taxes and is registered with the Pennsylvania Bureau of Charitable Organizations. All gifts are accepted subject to the Foundation's Articles of Incorporation, By-Laws and policies.

The following are preliminary (unaudited) results. Copies of the annual audit report and IRS Form 990 are available at the Foundation office and/ or on our website.

National Standards Compliance

In 2006, the Centre Foundation formally agreed to comply with the National Standards for U.S. Community Foundations. The Standards assist community foundations in establishing legal, ethical and effective operating practices that show a foundation's transparency and financial responsibility. The 43 National Standards address six key areas of community foundation operations:

- **Mission, Structure, and Governance**-includes standards that define board accountability, compensation, independence, fiduciary responsibility and representation of the community.
- **Resource Development**-includes parameters for administration of funds, disclosure to donors and commitment to building long-term resources for varied community issues and causes.
- **Stewardship and Accountability**-covers prudent investment and management of funds, transparent record-keeping, use of funds for their intended purpose, annual audits and public availability of financial information.
- **Grantmaking and Community Leadership**-includes standards related to broad and open grantmaking programs, due diligence and responsiveness to changing community needs.
- **Donor Relations**-encompasses guidelines for informing, educating and involving donors in responding to community needs.
- **Communications**-includes openness to public scrutiny and frequent communication about activities and finances.

Awards Dinner

Every year, the Centre Foundation hands out awards to honor individuals and organizations that exemplify the Foundation's commitment to the future of Centre County. The 2011 Awards Ceremony took place Oct. 17 at the Nittany Lion Inn in State College.

At the ceremony, Dr. Katherine Loflin spoke about the Soul of the Community report, the findings of which suggest that creating a greater sense of attachment in a community's residents is a key to improving the economic conditions in that community.

The Centre Foundation was very pleased to host Dr. Loflin and to be able to recognize the following individuals and organization for their valued contribution to our community:

- Don Hamer was the 2011 recipient of the Oak Tree Award, which recognizes an individual for service and commitment to, and passion for, the Centre Foundation.
- The Centre County Federation of Public Libraries was the 2011 recipient of the Kathryn S. Weaver Award. Named after an early donor whose significant legacy gift created great momentum for the growth of the Foundation's endowment funds, this award recognizes a local charitable organization's noteworthy service to the people of Centre County.
- Greg Hayes was the 2011 recipient of the Future of the Foundation Award, which recognizes a young adult community member who actively strives to improve the quality of life in Centre County and shows commitment and passion in working for the future of our community.
