Sharing the wealth. Shaping the future.

# Dear Friends,

Excitement and energy. We think these two words succinctly describe our Foundation during 2012.

The excitement and energy began to build with our board's decision to create an event that brought together the entire community for a day of giving. We named this event "Centre Gives" and it was enormously successful. Through CentreGives.org, 74 local nonprofits raised over \$415,000 in just 36 hours. With the addition of the Foundation's \$100,000 matching grant and \$10,000 in prizes, \$525,000 was made available to these organizations to improve the quality of life in our county.

The Foundation believes that it can contribute to the community through its leadership as well as through its financial support. Centre Gives demonstrated the power and potential for online fundraising, and further provided the opportunity for many of our participating organizations to develop new skills and techniques. As one participant observed, "this is a whole lot easier than a bake sale!"

The excitement and energy levels remained high through our annual dinner event. In October, we were joined by nationally known author and researcher, Rebecca Ryan, who led a very well attended workshop to explore the qualities of a community that attract young professionals. The day began with a breakfast event in collaboration with the Centre County Chamber of Business and Industry. The Foundation will continue efforts to collaborate with County institutions and organizations to further the improvement of our County community.

Without doubt, excitement and energy are descriptive of our 2012 investment performance. Our endowment earned 14.7% and grew by over \$3 million in assets. Those who pay attention know that there are many ups and downs, however, over time, our careful prudent investment policy has produced steady, sustainable growth.

Entering 2013, the energy and excitement has not waned. Our new website launched in May and is breaking some new ground as we continue to increase community awareness of our mission. Centre Foundation considers itself a leader of the philanthropic community in our County. We expect that by Sharing the Wealth through successful initiatives, such as Centre Gives, we will attract visionary donors to join us to grow the resources we will need for Shaping the Future.

Sincerely,

Alfred Jones Jr., Executive Director

## National Standards Compliance

In 2012 Centre Foundation was reconfirmed in compliance with the National Standards for U.S. Community Foundations. The Standards assist community foundations in establishing legal, ethical and effective operating practices that show a foundation's transparency and financial responsibility. The 43 National Standards address six key areas of community foundation operations:

- **Mission, Structure, and Governance**- includes standards that define board accountability, compensation, independence, fiduciary responsibility and representation of the community.
- **Resource Development**-includes parameters for administration of funds, disclosure to donors and commitment to building long-term resources for varied community issues and causes.
- **Stewardship and Accountability**-covers prudent investment and management of funds, transparent record-keeping, use of funds for their intended purpose, annual audits and public availability of financial information.
- **Grantmaking and Community Leadership**-includes standards related to broad and open grantmaking programs, due diligence and responsiveness to changing community needs.
- **Donor Relations**-encompasses guidelines for informing, educating and involving donors in responding to community needs.
- **Communications**-includes openness to public scrutiny and frequent communication about activities and finances.

# Our Purpose

---

The Centre County Community Foundation was created in 1981 as a public charity dedicated to meeting changing needs and assisting donors throughout Centre County. The Foundation is a collection of philanthropic funds, each created by a different donor at a different time for a different purpose. Each fund retains its own identity, donor-defined objectives and benefits from pooled investments with other funds. Gifts to the Foundation are invested according to our investment policy, and grants are then made from these funds to qualified local charitable organizations.

Centre Foundation helps individuals, families and businesses pursue their charitable interests conveniently, effectively and with maximum tax benefits. Donors may create funds during their lifetimes, by a bequest or by other deferred giving opportunities. The Foundation can also help companies administer their contributions and manage endowments for charitable agencies.

Funds may be established for a particular purpose or left undesignated so the Foundation's Board can direct funds to needs of highest priority. Through its discretionary grants, the Foundation supports not-for-profit organizations in Centre County – in the arts, education, the environment, and health and social services – and chooses those projects that best meet our community's needs. For funds that are advised or designated by donors, we offer expertise and administrative assistance to ensure that each grant is best fulfilling the donor's charitable intent.

---

## Our Mission

To improve the quality of life in Centre County by providing enduring support to community charities from the invested gifts of visionary donors.

## New Funds

Each year, generous donors make a special gift to Centre Foundation in order to create a new fund. They do it for different reasons: to memorialize a loved one, to reward the achievements of deserving locals or to support a cause that's close to their hearts. In 2012, 10 new funds were created at Centre Foundation. They were created to support a variety of people and organizations, from local churches to students pursuing higher education to athletic teams, and beyond, but they all have one thing in common: They will make Centre County a better place now, and in perpetuity.

### Centre County Bar Association Fund

This fund was established by the Centre County Bar Association to fund charitable organizations in Centre County.

### Carl and Josephine Gettig Memorial Fund

This fund supports a variety of nonprofit organizations that were important to Carl and Josephine. Those organizations are: Pleasant Gap Boy Scout Troops, Pleasant Gap Girl Scout Troops, Little League of Pleasant Gap, Pleasant Gap United Methodist Church, Pleasant Gap Fire Company, Myasthenia Gravis Foundation of America, North Shore Animal League, Pets Come First and Centre County PAWS.

### Adam Harwell Sunbeam Endowment Fund

This fund was created in memory of Adam Harwell, a State College Area High School student whose friends and family knew him to be a loving, affectionate young man for whom there were no strangers. The fund supports professional development for special education staff at the State College Area School District.

### James N. Karl and Daniel F. Fisher Bald Eagle Area School District Reading Development Fund

Mr. Fisher and Mr. Karl, both Bald Eagle High School alumni and avid readers, created this fund which enriches and promotes the Reading Program at the Bald Eagle Area School District by providing support for professional development that furthers the instruction of reading, continuing education courses for reading teachers, student reading awards, and resources that individualize reading instruction.

### Fred Kissinger State High Boys Golf Award Fund In Memory of Ralph Matis

Fred Kissinger created this fund to support his alma mater and memorialize his friend and golfing buddy, Ralph Matis. Distributions from the fund shall be paid as scholarships for the benefit of students at State College High School who are involved with the golf team.

### Marcon Family Fund

Raymond and Pamela Marcon, themselves parents of three sons and one daughter, recognized that many families and children in Centre County need help. Raymond saw that firsthand, having once worked for Centre County Children and Youth Services and having served on the board of the Centre County Youth Service Bureau. The Marcons love living in Centre County and feel privileged to be able to give back to the community they call home.

### William E. and Lois C. McTurk Fund

William E. and Lois C. McTurk created this fund through the William E. McTurk Family Trust to support the operations of Centre Foundation.

**Navy League of the United States Central Pennsylvania Council Fund**

This endowment was established to fund Centre County efforts that enhance the morale of today's veterans and active duty service members and their families, to inform officials and the public on the importance of strong sea services, and to support tomorrow's military leaders through programs administered with the Penn State Navy Reserve Officers Training Corps Unit that expose people to the values of our sea services.

**Christina F. Pootjes Fund**

Christina was a long-time volunteer at Schlow Centre Region Library. As specified in her will, the fund is to "be used for flowers to be placed weekly at the front desk" and for other plants, landscaping and gardens of the Library.

**Ruth Grier Robinson Fund**

This fund was created by Ruth Grier Robinson, through her will, to support the operations of Centre Foundation.

**Creating your own fund**

Today's gift...your legacy. By endowing your gifts today, you will make a difference during your lifetime and provide a gift that lasts forever. Efficient, effective, impactful. When donors or charitable organizations work through the Foundation to achieve their charitable goals, they benefit from the expertise of experienced local program staff, community leadership and investment management. Establishing your own named charitable fund does not require great wealth, nor is it complicated. Through a named fund you can:

- provide ongoing support to your favorite organization.
- choose different charitable organizations to support each year during your lifetime.
- make your own choices, or take advantage of our Foundation staff's expertise to help you address the community's most pressing needs, or greatest opportunities.
- have the opportunity to distribute gifts during your lifetime, or leave a lasting legacy, or both.

The staff at the Centre Foundation will make it easy to create a new charitable fund. We will do all the paperwork; often the procedure is completed in just one meeting. If you are considering creating a fund and would like more information, please contact us.

# Charitable Gift Annuities

A charitable gift annuity enables you to take an immediate income tax deduction when you transfer cash or marketable securities to the Foundation in exchange for the Foundation's promise to make fixed annual payments to you for the duration of your life. The fixed annual payments are determined according to the donor's age and will only be partially taxed. Payments can begin immediately or can be deferred for a period of time as determined by you. The undistributed portion of the gift reverts to the Foundation. Below is a listing of the charitable gift annuities currently held by the Foundation.

# Grants by Organization

In 2012 Centre Foundation granted over \$900,000 to charitable organizations. Many of the grants are from funds that were created to support a specific organization. Others are granted through our competitive grants process with the grantees being selected by our grants committee. In addition, a number of grants are scholarships which support Centre County students attending post-secondary schools. This list includes all grants and scholarships and is organized alphabetically by receiving organization.

## Kathryn K. & Roy D. Shoemaker Charitable Trust

In 2005 a fund unlike any other was created by the last will and testament of Kathryn K. Shoemaker to be administered through the Centre Foundation. Kathryn and Roy Shoemaker were life long residents of Centre County, both passing away in 2005 after long happy lives in the State College area. Roy was a businessman and farmer in the Centre Region. Their love of the area inspired them to share their resources with the community. They distributed a substantial portion of their estate to the Kathryn K. & Roy D. Shoemaker Charitable Trust. Merrill Lynch Trust Company was named as Trustee and the Centre Foundation as the organization responsible for distribution to the beneficiaries. The Trustee is in possession of the funds and manages the investment of the funds while following the investment policy of the Centre Foundation. Disbursements from the trust come to the Foundation and are distributed to the thirteen charitable organizations named as beneficiaries, all of whom serve Centre County residents.

Since its inception, the Kathryn K. & Roy D. Shoemaker Charitable Trust has distributed \$2,137,148. In 2012 the beneficiaries received the following distributions:

Alpha Fire Company	\$14,286
American Cancer Society	\$22,858

<b>Total 2012</b>	<b>\$248,211</b>

As of January 31, 2013, the Kathryn and Roy D. Shoemaker fund had \$6,703,791.91 in assets. These assets, due to the structure of the Trust, are not included as assets of the Foundation.

# The Campbell Society

Named for Judge R. Paul Campbell, our founder, the Campbell Society is comprised of over 490 generous people who have named Centre Foundation in their estate plans, either by will designation or through a trust or other deferred gift. These planned gifts are of inestimable importance to the future of our region. Centre Foundation can provide you with more information about bequests, charitable gift annuities, charitable remainder trusts, gifts of life insurance policies, or other gift ideas.

By informing us of their generosity that will extend over many generations, these visionaries provide us with the opportunity to honor and thank them during their lifetimes. We are pleased to recognize them. New members for 2012 are listed in **bold**. Deceased members are marked with \*.

# Financial Report

For 31 years the Centre County Community Foundation has been the steward of a precious community resource, Centre County's charitable endowment, composed of gifts from generous individuals, organizations, and corporations. In managing this endowment, the Centre County Community Foundation seeks to provide sufficient funds to make current grants, while preserving the purchasing power of these charitable gifts forever. The region has benefited from the power of this endowment which has grown and generates ever-increasing grant funds for all of Centre County.

At the end of 2012, the Foundation's total assets were \$25,715,000. This represents a 14.7% increase from December 31, 2011 to December 31, 2012.

Contributions outpaced distributions and expenses, this plus improved investment performance resulted in the increase in total assets. Our investments increased about 16% for the year. The Foundation furthered its mission and received gifts of approximately \$2,823,000 during 2012. Meanwhile, our grant and program payments for 2012 exceeded \$1,760,000.

The finances of the Foundation are administered by the Board of Directors which has ultimate responsibility for all decisions. The Board works through its Executive Committee and various other committees who oversee different aspects of operations.

By Board policy the Foundation annually:

- Distributes a set percentage of the average asset value from each fund annually for charitable needs. In 2012 the distribution rate was 4%, but may be changed from time to time to reflect market returns and our fiduciary responsibility to preserve the value of our funds. For this calculation the average of the fund value over previous twenty quarters is used.
- Draws a percentage from each fund for operations: 1.6% in 2012. This is based on a variety of factors including the asset base and operating budget.
- Pays approximately .2% for active investment management.

## 2012 Grants by Program

This spending policy is consistent with most other community foundations, and is designed to provide steady and growing distributions back to the community.

The Foundation is fortunate to have a group of very talented individuals volunteer their time and expertise as members of this Investment Committee. The Investment Committee recommends specific investment policy and is responsible for guiding, monitoring and implementing the policy and reporting performance results. Presently the Foundation has working arrangements for financial management with First National Bank, M&T Investment Group, Nestlerode & Loy, Weinken & Associates, and Smith Barney. Additional funds are invested by the Investment Committee through Vanguard and The Investment Fund for Foundations (TIFF). In 2011 the Foundation began to invest in private equity and venture capital with The Commonfund.

The assets of the Foundation are deployed in a variety of investments in accordance with the investment policy. It seeks to hold 40% to 80% of its assets in global securities, 20% to 60% in fixed-income instruments such as long-term bonds, debt-based mutual funds and temporary cash investments, and up to 30% in alternative assets in an effort to obtain higher yields. This so-called discretionary class of assets allows managers to move slightly outside the basic policy and acquire

positions in high-yield bonds, emerging markets, particular market sectors or real estate, commodities, etc. Overall, the portfolio is invested for capital appreciation. At a minimum, the Foundation's goal is to generate long-term investment results sufficient to pay its grants, operating, and investment expenses, while keeping pace with inflation.

The fixed-income portfolio is diversified and consists primarily of investment grade bonds benchmarked against the Barclay Aggregate Index.

Employing broad diversification as to investment style and other major component weighting, the global equity portfolio is benchmarked against the MSCI All Country World Index, which includes broad categories of U.S. equities, non-U.S. developed market equities and emerging market equities.

The Foundation is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code as a publicly supported organization described in Section 501(c)(3). It is also exempt from state taxes and is registered with the Pennsylvania Bureau of Charitable Organizations. All gifts are accepted subject to the Foundation's Articles of Incorporation, By-Laws and policies.

The following are preliminary (unaudited) results. Copies of the annual audit report and IRS Form 990 are available at the Foundation office and/ or on our website.

# Awards Dinner

Every year, Centre Foundation hands out awards to honor individuals and organizations that exemplify the Foundation's commitment to the future of Centre County. The 2012 Awards Ceremony took place October 24th at the Nittany Lion Inn in State College.

- David Maneval was the 2012 recipient of the Oak Tree Award, which recognizes an individual for service and commitment to, and passion for, Centre Foundation.
- Centre County Women's Resource Center was the 2012 recipient of the Kathryn S. Weaver Award. Named after an early donor whose significant legacy gift created great momentum for the growth of the Foundation's endowment funds, this award recognizes a local charitable organization's noteworthy service to the people of Centre County.
- Nathaniel Rasmussen was the 2012 recipient of the Future of the Foundation Award, which recognizes a young adult community member who actively strives to improve the quality of life in Centre County and shows commitment and passion in working for the future of our community.

Our presenter was accomplished economist, author, and speaker Rebecca Ryan, who inspires audiences to think differently about the future and be "next-gen" ready to welcome and engage young professionals.

The next day, at the Soul of Centre County breakfast, Rebecca went into greater detail about how to make our community "sticky" – or how to make people, especially young professionals, want to stay.
